CARRIER DISPATCH SERVICES AGREEMENT & COMPREHENSIVE PACKET

COUNSEL-REVIEWED BASELINE • VERSION 2026-11-05 • ZERO FORCED DISPATCH

CARRIER SOVEREIGNTY & STATUTORY NOTICE: This Agreement is entered into by and between **AHMED ABDULHAMID OMAR ALMAJDOUB** doing business as **Almajdoub Dispatch** ("Provider") and the independent Motor Carrier identified herein ("Carrier"). Provider functions strictly as an administrative back-office support dispatch service under Carrier's direct instruction. Provider is **NOT** a freight broker or motor carrier, does not take custody or title to freight, does not sign Rate Confirmations without carrier authorization, and does not touch, hold, or disburse shipper/broker freight funds. Carrier maintains 100% sole authority to accept or reject any load.

PART 1: MASTER CARRIER DISPATCH SERVICES AGREEMENT

1. Purpose and Independent Relationship

Carrier retains Provider for administrative dispatch and back-office coordination for Carrier's own motor-carrier business. The Parties intend an ongoing written relationship under which Provider performs only tasks authorized by Carrier. The words 'agent', 'dispatch service', or regulatory labels do not alter the actual service boundary: Provider performs administrative coordination only and acts under Carrier's explicit instructions.

2. Scope of Administrative Services (53' Dry Van Core)

Subject to Carrier's capacity and selected plan, Provider may: (a) Search electronic load boards and industry contacts for freight matching Carrier's specifically identified truck; (b) Contact licensed freight brokers to request load details and negotiate within Carrier's written rate/lane parameters; (c) Assist in transmitting Carrier-approved broker setup packets (W-9, COI, Authority); (d) Relay appointment and transit check-call information; (e) Help organize time-stamped facility arrival/departure records for detention ($50/hr standard) or accessorial requests. Provider does not promise load volume, guaranteed revenue, miles, or continuous GPS/ELD monitoring. Active equipment scope is strictly 53-foot Dry Van. Refrigerated (Reefer) service requires written execution of the Reefer Addendum.

3. Carrier Sole Authority & Zero Forced Dispatch

Carrier retains the sole and final decision to accept or reject each load, rate, route, appointment, and condition. Provider may not accept or book a load, sign a Rate Confirmation, or bind Carrier without Carrier's specific, recorded approval for that individual load. Transportation agreements and Rate Confirmations must name Carrier as the authorized motor carrier. Provider is not a party to the transportation contract and shall never re-broker, transfer, or double-broker any shipment.

4. Multi-Carrier Operating Boundary

Provider maintains separate profiles and instructions for every represented carrier. Freight searches begin exclusively for a named Carrier and specifically identified power unit. Provider does not allocate, circulate, or rotate freight based on internal discretion, price, or preference.

5. Fees, Settlement & Billing Calendar (America/Chicago)

Carrier elects its plan under **Schedule A**. Service weeks run Monday 00:00 through Sunday 23:59 `America/Chicago`. Weekly invoices issue Friday at 12:00 noon prior to factoring distributions. Payment is due Friday evening; service continues through Monday morning. If unpaid by the Monday suspension point, service may be suspended until matched. No credit card or bank account is automatically debited. Charges apply strictly to the separately identified Linehaul amount; 100% of detention, TONU, and layover belongs entirely to Carrier.

6. Term & Month-to-Month Termination

This Agreement begins upon execution and continues month-to-month. Either Party may terminate service at any time upon written notice. Undisputed invoices for started weeks remain payable; no long-term lock-in or cancellation penalties apply.

PART 2: SCHEDULE A — PRICING & BILLING SCHEDULE

Carrier elects one commercial plan below. Each active truck must be identified in writing prior to dispatch coordination.

Commercial Plan	Rate / Terms	Equipment / Conditions	Election
Standard Percentage	**7.0% of Linehaul** Per booked and completed load	53' Dry Van. 1+ Trucks. No minimum fleet required.	**[ ] ELECTED**
Founder Rate Lock	**5.0% of Linehaul** Locked for continuous service	53' Dry Van. 1+ Trucks. Capped at first 5 paid conversions.	**[ ] ELECTED**

Flat-Rate Fleet	**$299.00 / truck / week** Prepaid Friday for upcoming week	53' Dry Van. **Minimum three (3) trucks**. Full started-week rule applies.	**[ ] ELECTED**
Founding Flat-Rate	**$245.00 / truck / week** Confirmed founding seats only	53' Dry Van. **Minimum two (2) trucks**. Prepaid Friday settlement.	**[ ] ELECTED**

100% Accessorial Pass-Through: Commission applies strictly to the separately identified base Linehaul. Detention ($50/hr), TONU, Layover, and Stop-off fees are 100% passed through to Carrier with 0% deducted.
Direct 14-Calendar-Day Trial: Directly registered percentage carriers running 53' Dry Van receive one 14-calendar-day commission-free evaluation on one (1) truck. **Zero automatic rollover:** trial expiration creates no automatic charge or renewal; continued service requires written selection of a paid plan.
Flat-Rate Minimums: Flat-rate pricing strictly requires 3 active trucks ($299/wk) or 2 trucks for founding seats ($245/wk). A 2-week cure period applies if fleet drops below minimum.

PART 3: SCHEDULE B — CARRIER REFERRAL PROGRAM TERMS

Priority Waiting List & 14-Day Free Dispatch Reward: When an active Carrier refers an independent motor carrier who completes onboarding and pays their first weekly service invoice in full, the referring Carrier earns **fourteen (14) consecutive calendar days of commission-free dispatch on one designated truck** (worth up to ~$700+ in dispatch savings, or two weekly units for flat-rate fleets). Referred carriers bypass general waitlists for expedited authority review. Credits possess no cash resale value and apply against future invoices.

PART 4: CARRIER-SPECIFIC LIMITED DISPATCH AUTHORIZATION (LPOA)

Carrier hereby appoints **AHMED ABDULHAMID OMAR ALMAJDOUB d/b/a Almajdoub Dispatch** as its limited administrative dispatch agent solely to: (1) Contact licensed property brokers and shippers to identify available freight; (2) Discuss freight rates and operational terms within Carrier's written instructions; (3) Transmit Carrier-approved broker onboarding packets, W-9, and insurance certificates; (4) Relay pickup/delivery check-calls.
EXPRESS PROHIBITIONS: This authorization grants **ZERO AUTHORITY** to book or accept freight without Carrier's recorded approval, sign Rate Confirmations without carrier authorization, bind Carrier to transportation contracts, endorse checks, or access Carrier bank accounts. Carrier reviews and signs all Rate Confirmations directly.

PART 5: REEFER SCOPE & CARGO CARE ADDENDUM (CONDITIONAL)

Refrigerated (Reefer) service is activated only upon explicit mutual agreement and truck-specific approval. Reefer pricing: **5.5% of Linehaul** (Founder Lock) or **8.0% of Linehaul** (Standard published), or $299/wk flat rate (min 3 trucks).
CARGO & TEMPERATURE DISCLAIMER: Provider does not set, inspect, monitor, or control refrigeration units or temperature recorders. Provider does not continuous telemetry or assume food-safety (FSMA), cargo spoilage, or pre-cooling liabilities. Carrier remains solely responsible for inspecting and maintaining proper cargo temperatures.

PART 6: MOTOR CARRIER PROFILE & EXECUTION SIGNATURES

Carrier Legal Business Name: _____ **DBA (if applicable):** _____
